National Night Out Update

National Night Out (NNO) is a nation wide event to promote crime prevention. Our neighborhood held a block party on August 2nd. Neighbors came out to meet each other and our community leaders, and brought BBQ chicken and corn dogs for the potluck.

A video camera was setup to record our guest speakers' presentations. See the Concord Park website for the photos and videos. The neighborhood kids kept jumping in front of the camera! The presentations were about the Hope Campaign to end domestic violence, the District Commander's role in community policing and the Safe Families project.

Also, our Family Radio Service (FRS) Radio Network was demonstrated. Our neighborhood association uses the network to practice using our radios every Saturday at 10 AM to be better prepared for emergencies. Also, we announce upcoming events and Neighborhood Watch information on the air. We'd like more neighbors to participate in our radio network and the Earthquake drill on October 20.

Thanks to our neighborhood kids for coming out and enjoying the block party every year. Unfortunately, we didn't have a youth activities coordinator this year, but hope to find somebody for next year.
