

GET INVOLVED!!!!

We have a nice neighborhood here lets keep it that way. Unfortunately, our litle tract of homes is surrounded by gangs and crime ridden housing. We have lots of children who live here who deserve to grow up in a safe neighborhood. We have adults, young and old who have worked very hard for what they have, and it's being stolen right out from under them. Lets show the gangs, drug dealers, and other criminals that we are not going to just sit by and let them ruin what we have.

Please join us at the neighborhood watch meeting on the 28th.
