

**Concord CERT
Pre-Drill Training
Saturday, March 17, 2012
9:00 am – 1:00 pm**

Organized by the City of Concord CERT Volunteers

In terms of a disaster response, the focus of this brief pre-drill training is to review our skills in performing CERT functions as we were all trained. We will review the components of what the drill will include and how you might participate. The goal is to make the drill as real as possible and encourage all our CERT graduates to participate with whatever skills or functions you are comfortable performing. Please feel free to attend the training, even if you are unable to participate in the drill.

We are planning to review:

- Light Search and Rescue
- Triage for Medical Treatment
- Neighborhood Deployment
- Volunteer Sign-In/ Sign-Out
- CERT Radio Messaging
- An Incident Command Post
- Setting up functions and leaders as the actual need arises
